READING

AbleNet Bookworm- The BookWorm's 8-minute memory module offers you the flexibility to record as many as 32 pages - enough time for adapting two text-rich books or up to four short books. Adapting a book is easy. Simply attach a removable sticker to each page of your student's favorite book and record the story, page-by-page into the BookWorm. The stickers serve as a guide indicating where to push for playback.
