Supporting Erie, Huron,  
and Lorain Counties

## Presented by:

Dr. Janet Kubasak & Vicky Timko

## Professional Learning Description:

The way of doing business for 2020 is transforming.

If you have completed the Decision Framework or the needs assessment components in the CCIP in the past...time are changing. The **Decision Framework** will **NOT** open this year and it will be replaced with the **One Needs Assessment**.

What is the One Needs Assessment?

How can I explore the tool with support onsite and ready-to-answer questions?

How am I going to take this learning back to my team in order to complete the One Needs Assessment at the district and building levels?

You have questions...We have answers.

Getting ahead of the curve with your teams will ensure success as the One Needs Assessment rolls out across the state.

---

## Learning Objectives:

- Locate, log in and explore the One Needs Assessment.
- Complete root causes and prioritize needs for the CCIP.
- Align goals and strategies to reflect your school improvement efforts.

3 Contact Hours

Participants should plan to bring their own laptops.

---

\* Please contact Vicki Barbaro at 440-324-5777 ext. 1107 or [barbaro@sstr2.org](mailto:barbaro@sstr2.org) if you require assistance with registering.
