We are so excited to announce that for the 2020-2021 school year we will be moving from 3 half-day OIP Leadership meetings to a monthly networking event. Our goal is to continue to build your knowledge base while offering an opportunity to learn from and collaborate with your peers.

Professional Learning Description:

This professional learning opportunity is designed for district and building leaders to share, collaborate and gain knowledge around strategies such as blended learning implementation, the science of reading, explicit instruction and others to support improved student achievement, school culture, and team building while using the framework of the Ohio Improvement Process.
